ABOUT ME

I am an experienced front-end developer with over 2 years of experience. Proficient in React, HTML, CSS, and Javascript, I also have a basic understanding of Node.js. I'm dedicated to creating engaging and user-friendly web experiences that seamlessly blend design and functionality.

WORK EXPERIENCE

Front-end Developer

Kurama [01/02/2020 – 15/10/2022]

City: Chişinău

Country: Moldova

As a front-end developer, my primary role was to integrate design concepts into interactive and responsive web applications. I collaborate with designers and back-end developers to ensure seamless user experiences. My responsibilities include writing clean and efficient code using technologies like React, HTML, CSS, and JavaScript. I also optimize websites for speed and performance, conduct cross-browser testing, and stay updated with industry trends to deliver modern and user-friendly interfaces.

Full-stack Developer

Stellar Solution [16/10/2022 – Current]

City: Chişinău

Country: Moldova

As MERN (MongoDB, Express.js, React, Node.js) full-stack developer i am responsible for designing, developing, and maintaining both front-end and back-end components of web applications. My tasks also include database management, API creation, user interface design, and ensuring overall system functionality and performance.

EDUCATION AND TRAINING

Web Developer

Colegiul de Studii Administrative şi Fiscale [01/09/2018 – 20/06/2022]

City: Chişinău

Country: Moldova

Website: <https://csaf.md/>

JavaScript / React JS. / Node JS / Git / Flutter Basic Skills / CSS / HTML / JSON / Web Development / Github / Wordpress (CMS) / Mongo DB / Node.js / Express

PROJECTS

Ministerul Dezvoltării Economice și Digitalizării (MDED)

[10/03/2023 – 20/06/2023]

Website of the Ministry of Economic Development and Digitalization was developed using modern web technologies, including HTML, CSS, and JavaScript. Additionally, we used the WordPress platform to build and manage the website content. This project involved creating an attractive and intuitive design while ensuring an optimal user experience for website visitors. The ultimate goal was to provide a modern and efficient digital platform for the Ministry of Economic Development and Digitalization, enabling easy access to information and services for citizens and businesses.

„Mănâncă Sănătos” (“Eat Healthy”)

[05/01/2023 – 20/01/2023]

„Mănâncă Sănătos” (“Eat Healthy”) is a website created using HTML, CSS, JavaScript, and WordPress technologies, with the aim of

promoting healthy eating. This site is a platform dedicated to raising awareness and educating the public about the importance of choosing a healthy lifestyle through nutrition.

Ministry of Internal Affairs

[20/05/2023 – 30/05/2023]

The website for the summit on June 1, 2023 in Chisinau is an innovative platform created using the React technology, which

provides users with maps for alternative routes in Chisinau.

Ecomert Online

[2022 – 2022]

Ecomert Online is a website created using HTML, CSS, JS, and the WordPress platform. This program aims to support and promote e-commerce by providing specialized resources, information, and courses. Through modern design and interactivity implemented with HTML, CSS, and JS, the website offers a pleasant user experience, facilitating access to courses and other relevant resources. With

the help of the WordPress platform, content management and updates are easy and efficient, contributing to the success and growth of online businesses within this ecosystem.

Film in Moldova

[10/01/2023 – 26/02/2023]

Film in Moldova is the official platform of the program dedicated to the development of the film and audiovisual industry. Through this program, the promotion and support of film and audiovisual productions are pursued, as

well as the creation of employment opportunities in this sector and the facilitation of collaboration among industry professionals. The website provides essential

information about the program, relevant resources for those interested in the film and audiovisual industry, as well as contacts and ways to get involved. Through this online platform, the development and sustainable growth of the film and audiovisual industry are encouraged, bringing economic and cultural benefits to the local community and attracting investments in this field.
